

CC3 Tools for SUCCESS

At ConnectCare3, our mission is to help our patients — your employees — get the right care, whether it's delivered in your hometown or at the Mayo Clinic. From simple to severe concerns, we offer deeply personalized **research, education and support** to your employees so they can focus on getting well. We find that using these tools in ways that work best in your company culture encourages your employees to become savvy patients and health care consumers.

WE WILL PROVIDE:

SO YOU CAN:

Marketing Materials – posters, newsletters, flyers

Distribute electronically, in print, post or on company intranet site

Support Materials – brochures, membership cards, educational videos, PowerPoint slides, talking points

Review at annual OE meetings, include with new hire packets & orientation, **proactively discuss** at regularly scheduled department meetings, provide to employees on FMLA

Educational presentations – telephonic, in person, video conferencing, webinars explaining our services

Personally engage your employees in conversation about how to **take ownership of their health.**

Virtual Lunch & Learns – 45 minute sessions by experienced nurses on important health topics, via video conference

Help your employees become **savvy health care consumers** by making the best health care choices.

Wellness Consulting – professional guidance on how to start a wellness program

Start or continue to build a **culture of health** among your employees
